## **Proposed Change of Date for Parish Council Meetings**

**This is to advise that the Parish Council has determined by means of a unanimous Councillor vote, to move the date of the monthly Parish meeting to the third Wednesday in every month.**

**The reason for doing this is in order to help Councillors balance working commitments with attendance at the Parish Meetings.**

**Please note that this change will be initially be implemented on a trial basis for a period of six months from the June meeting in order for Councillors to assess the effectiveness of this proposal. If the proposal is considered a success, then a proposal will be put to a further Councillor vote in the understanding this will result in a permanent change to Standing Orders.**

**Comments and observations are invited from residents of the village with regard to the above proposal, which should be in writing to the Parish Clerk, or by means of attending the next Parish Meeting (scheduled for Wednesday, 19<sup>th</sup> July 2019).**
